COMPANHIA DE SANEAMENTO DO PARANÁ
CVM REGISTRY No. 01862-7 CNPJ No. 76.484.013/0001-45

NOTICE TO THE MARKET

Companhia de Saneamento do Paraná – Sanepar ("Company"), in compliance with the provisions of CVM regulations, hereby informs its shareholders, investors, and the market at large that the Board of Directors, at the 5th/2026 Extraordinary Meeting held on this date, approved the proposal and execution of the 1st Amendment to Environmental Commitment Agreement No. 04/2021-GABIN ("TCA No. 04/2021-GABIN"), regarding the renegotiation of Judicial Settlement Agreements ("TAJ").

The aforementioned approval aims to resolve disputes arising from notices of infraction issued by the Brazilian Institute of Environment and Renewable Natural Resources ("IBAMA"), which led to 17 Public Civil Actions pending before the 11th Federal Court of Curitiba and resulted in the execution of 17 Judicial Settlement Agreements in March 2018, covering 184 Sewage Treatment Plants ("ETEs"). Due to the need to adjust schedules and operational criteria for 108 ETEs, TCA No. 04/2021-GABIN was executed in February 2021, but its judicial ratification was denied due to objections raised by the Federal Public Prosecutor's Office ("MPF") regarding environmental compensation parameters in relation to state legislation, prompting appeals before the 4th Federal Regional Court ("TRF-4").

The proposal approved by the Board of Directors is the result of technical and institutional negotiations conducted between 2023 and 2026, with the participation of representatives and expert teams from the MPF, IBAMA, the Water and Land Institute ("IAT"), and Sanepar. The 1st Amendment reflects consensual alignment among all involved institutions, introducing the necessary adjustments to the original instrument to enable the alignment of operational and environmental obligations applicable to the ETEs covered by the agreement.

Following approval by the Company's Board of Directors and formal execution by the involved parties, the draft of the executed amendment will be submitted to the Judiciary (TRF-4 and the 11th Federal Court of Curitiba) for judicial ratification and subsequent monitoring of the fulfillment of the assumed obligations.

The Company will keep the market informed regarding further developments on the judicial ratification process of the aforementioned amendment.
