MATERIAL FACT

Companhia de Saneamento do Paraná – Sanepar (“Company”), in compliance with the provisions of CVM Resolution No. 44/2021 and in continuity with the Notice to the Market of April 29, 2026, hereby informs its shareholders, investors, and the market at large that, on this date, the Board of Directors of the Paraná State Public Services Regulatory Agency (“AGEPAR”), at its 14th Ordinary Meeting, deliberated on Technical Note No. 002/2026-GTI-AGEPAR, prepared by the Intersectoral Working Group (GTI) established by AGEPAR Ordinance No. 02/2026.

The aforementioned Technical Note No. 002/2026-GTI maintained the understanding of Technical Note No. 01/2026-GTI, determining that the total amount arising from the receipt of the court-ordered payment (*precatório*), net of taxes and legal fees, be fully allocated to Sanepar's users for tariff affordability purposes.

As decided, the allocation will be 50% for non-onerous investments and 50% for invoice discounts, applying a 25% discount on the minimum tariff (up to 5m³) established in the tariff structure (water and sewage), linearly to all users within their respective segments.

Furthermore, according to the deliberation, regarding the amount applied, whether as a discount or as a non-onerous investment, after September 1, 2025 (the date the amount was effectively deposited into the Company's cash accounts), it shall be adjusted by the regulatory WACC (Weighted Average Cost of Capital), net of taxes, which in the current tariff cycle stands at 8.08% p.a., in real terms.

Sanepar reiterates the positioning stated in its Notice to the Market dated April 2, 2026, remaining opposed to the terms set forth by the aforementioned regulatory decision. The Company informs that it will continue to adopt all appropriate administrative and/or judicial measures to safeguard its rights and interests.
